

## California Department of Education School Accountability Report Card

Reported Using Data from the 2022 - 2023 School Year  
Published During 2023 - 2024

**For: Jessie Baker School**

**Address:** 8850 Southside Avenue, Elk Grove, CA 95624  
**Principal:** Cynthia Shapton

**Phone:** 916-686-7703  
**Grade Span:** K-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2023 - 2024)

Jessie Baker School is an exceptional educational setting for students with special needs. Our first priority is to provide a physically and emotionally safe environment for our students to grow and learn in. Each day, our students experience friendship, respect, high self-esteem, and personal growth within the context of their learning endeavors.

We are committed to giving children a superior individualized education, the blueprint that opens doors to infinite possibilities.

Because we care about all children learning to their maximum potential, every adult in the Baker community works together to ensure that our students think critically, act compassionately, and persevere through life's challenges.

Our teachers have all received degrees and extensive training in curriculum development, Social Emotional Learning, PBIS and behavior management for students with learning disabilities. Some of the training includes our curriculum - Unique Learning Systems, News 2 You, Touch Math, as well as our school wide PBIS, teaching our students respect and behavior management utilizing a positive environment.

Exceptional parents, caregivers, student volunteers, community members, and district administrators also enrich our learning environment. Together, this expansive team carries out our school mission: providing an enriching and enhanced education for our exceptional students.

Our education addresses students' academic, social, emotional, behavioral, self-help, community instruction, vocational, and recreational needs. This approach recognizes that all students have unique abilities and needs. We have an excellent and extensive evolving curriculum called Unique Learning Systems, to support all students and prepare them to become productive and contributing members of our community. We have high expectations for all of our students as they continue to make continued progress toward reaching their maximum potential.

Cindee Shapton, Principal

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

#### Teacher Preparation and Placement (School Year 2020 - 2021)

## School Facility Conditions and Planned Improvements (School Year 2023 - 2024)

Jessie Baker School was built as the first special needs school in California in 1962. The buildings and facilities have been modified and added on to throughout the years. The last addition was in 1996, where more classrooms and an office were built. The playground was built soon after the additional building. Our track was upgraded in 2012 from dirt to a rubberized surface. Our Therapeutic pool was completely updated in May of 2016. Our roofs were updated in 2018. Our classroom technology was updated in 2021. We have an updated covered patio for our students in 2022. We have 13 classrooms. We have a multipurpose room and staff room.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are stocked, safe, and sanitary.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

At this time, Baker has two projects that were recently completed. We have upgraded our classroom technology. All of our classrooms now have SMART boards. Our curriculum is web based so this allows the students great accessibility to the curriculum with their own special needs. Our school also has a brand new outdoor covered patio area, where the students can work and eat outside. This project was completed in November of 2021.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessment [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing state-administered assessments Percentage of Students Meeting or Exceeding the State Standards

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### [Opportunities for Parental Involvement \(School Year 2023 - 2024\)](#)

There are a number of ways to become involved in your child's education. Our school has a PTO, which provides support to all families, as well as social events, and fundraising activities. This year's activities include the Jessie Baker Games and fundraiser and Movie Night. Parents and caregivers can also attend Back-to-School Night in the fall, Open House at Baker Games and Our Spring Fling. There are many volunteer opportunities, as well as Project RIDE. Contact the President of the PTO or the school secretary, Lori Wallace, at 686-7703.

## State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates
- High school graduation rates
- Chronic Absenteeism

### School Safety Plan (School Year 2023 - 2024)

Safety on the school campus for all students and adults is a primary focus and is top priority in making sure our students and families feel safe and secure. Jessie Baker School is a locked campus that provides monitoring for students from the beginning of the school day at our before school EXL program, to the end of the day at our after school EXL program. Gates are locked during school hour and visitors must be buzzed in through our front gate to enter any part of the campus. Visitors must be buzzed in through the front gate and come to straight to the office. All visitors are escorted throughout the campus by a staff member to wherever they are going. They must sign in and out with a visitors pass to walk on campus.

### Types of Services Funded (Fiscal Year 2023 - 2024)

We consider all of our programs to be specialized. Each class is specially designed to meet the unique needs of each grade. All of our curriculum is aligned to the Common Core State Standards. We have outstanding Designated Instruction Services, including Adapted Physical Education, Music and movement instruction, Speech and Language, Occupational Therapy, Physical Therapy, a school nurse, and a school psychologist. Our students participate in Community Based Instruction with off campus training for jobs. Through enormous community fundraising and district support, our students are able to participate in Project RIDE, a therapeutic horseback riding program, which is located right here on campus.

### Teacher and Administrative Salaries (Fiscal Year 2021 - 2022)

### Professional Development

The curriculum for our school is designed to prepare students to become productive, contributing citizens in their communities. We utilize Unique Learning Systems and News to you. Our reading/language arts curriculum includes a variety of methods to meet the needs of each student. Our students have been enormously successful at both of these programs. Math and science instruction focuses on counting, one-to-one correspondence, addition, subtraction, time, identifying and using money, predicting outcomes, and reading. Social studies is an important focus for our students, and our primary goal in this area is to prepare students with the knowledge to become ethical and responsible citizens, family members, and workers. Pre-vocational and vocational skills are emphasized throughout our students' education, starting with responsibility within the classroom for our youngest students, to campus jobs, and eventually to work activities at job sites. Community skills curriculum includes instruction in street safety, rapid transit, community resources, community service, and vocational skills. In our adapted physical education curriculum, we focus on physical fitness and recreation and leisure activities, such as bicycle riding, swimming, circuit training, and bowling.
