| Involvement Process for LCAP and Annual Update |
| <p>How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?</p> <hr/> <p>The school reviewed the LCAP data and discussed progress with the staff in both the December 7th, 2020 and January 4th, 2021 meetings. The EGHS Site Leadership discussed the data and staff input in both the February 26th, 2021 and March 10th, 2021 meetings. The school site council reviewed the LCAP in the November 18th, 2020 and the February 24th, 2021 meetings.</p> |
| Impact of LCAP and Annual Update |
| <p>How did these consultations affect the LCAP for the upcoming year?</p> <hr/> <p>These consultations allowed the staff, students, and parents to have input and discuss ways to improve in the areas that the school site has shown deficiencies in. Those suggestions and items of concern were then discussed, evaluated and processes were put into action to ensure the items were addressed through the LCAP process or another process at the school site.</p> |

Resource Inequities

| |
|--|
| Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable. |
| <p>Inequities for resources for culturally responsive teaching, access to college going workshops, bilingual services, and services for our second language learners and families need to be increased. We have also discovered that many non English speaking families are not receiving or understanding all of our communications. So, increasing effective communication with all families and students, especially our second language learners, is a top priority.</p> |

Justification of School-Wide Use of Funds

For sites below 40 percent of enrollment of unduplicated pupils, when using supplemental and concentration (LCAP) funds in a school-wide manner, the site must additionally describe how the services provided are the most effective use of funds to meet the site's goals for unduplicated pupils in the state priority areas. Include a description and justification for the use of any funds in a school-wide manner as described in **Actions, Services, and Expenditures** above.

Elk Grove High School has below 40% of enrollment of unduplicated students. The best use of funds is to serve students in specialized courses and programs that currently exists. Students select their courses or programs such as AVID, music, academies, Transitions, AP based on their interest. LCAP funds are then targeted to provide supports and interventions for students and professional learning for staff.
